

# Catholic Schools Week 2010

## “Dividends For Life”

Sunday, January 31, 2010 – Friday, February 5, 2010

We begin our annual observance, a national celebration of Catholic school education. Daily, for six days, we will gather in unity to share knowledge, enjoy each other’s company, and honor those who help our school to provide the academic excellence and spiritual values that make it special.

By focusing on the basics and expecting excellence, a Catholic education prepares your child for the future – in fact, a higher percentage of Catholic education students go on to college. Catholic education sheds light on more than just science or math. It helps instill the self-esteem, respect for others, and real spirituality that tomorrow’s adults will need to create a brighter future.

### **Sunday, January 31, 2010 – Parish Appreciation Day**
